One Region initiative in Metro Atlanta

The One Region Initiative will create an inclusive metro Atlanta region in which all people, including immigrants and refugees, have the opportunity to reach their greatest potential, engage with the larger community, and fully contribute their talents - expanding prosperity and well-being for all. The program will do this by gaining the solid commitment of local government, business leaders, community organizations, immigrant and refugee communities, and members of the receiving communities to create and then adopt welcoming practices. It is led by Welcoming America and supported by the Community Foundation for Greater Atlanta and regional entities.

THE BELOVED COMMUNITY

The Beloved Community is a realistic vision of an achievable society, one in which problems and conflict exist, but are resolved peacefully and without bitterness. In the Beloved Community, caring and compassion drive political policies that support the worldwide elimination of poverty and hunger and all forms of bigotry and violence. The Beloved Community is a state of heart and mind a spirit of hope and goodwill that transcends all boundaries and barriers and embraces all creation. At its core, the Beloved Community is an engine of reconciliation. This way of living seems a long way from the kind of world we have now but I do believe it is a goal that can be accomplished through courage and determination, and through education and training, if enough people are willing to make the necessary commitment.
